# 2024 Award Application & Rules

The NCA's awards online platform makes it easy for members to apply for the NCA's Contractor of the Year Awards. Each category averages to about eight questions and entrants may submit for more than one category. Entrants will create a login which will allow them to save their work and log back in to edit before submitting.

**Easy breezy!**

## Rules & Requirements:

- All entrants must be a Nevada Contractors Association member in good standing.
  - Projects are judged through June 2023- May 2024 completion date.
- The J.A. Tiberti Spirit Award will be awarded to a deserving individual or company that will be picked by the judges. No entry needed. The J.A. Tiberti Spirit Award recognizes a company's or individual's innovative approaches to industry development, community involvement, and business integrity.
  - No fee required
  - Deadline to submit May 31, 2024.

# Application Guide for Each Award Category

NEVADA  
CONTRACTORS  
ASSOCIATION

ONE INDUSTRY. ONE VOICE.

# General Contractor of the Year

**The General Contractor of the Year Award is the industry's most prestigious, sought after honor. It acknowledges lifetime industry service and advocacy as well as project innovation, safety, and skill. The award additionally recognizes financial support, community support, and business integrity.**

- Be thorough when describing your company, company history and services you provide. Try not to copy/paste everything off your website and describe it in your own words.
- When including a photo that represents your company, a group company photo works best with your employees
- When it asks how many projects your company has completed, it is asking for local projects. You can state the number of non-local projects, separately.
- Be detailed when describing your company's safety culture. The judges would like to know about the unique safety protocols and programs your company implements. Describe how your safety culture stands out from others.
- Be detailed when describing innovative approaches towards your company and/or projects. What unique technology, programs, materials are you using?
- When describing involvement in the NCA, elaborate on your company's involvement in NCA committees, the specific roles/participation on the committees, volunteer involvement, donations, sponsorships, PAC efforts, etc.

# Subcontractor of the Year

**The highest award the Nevada Contractors Association presents to its subcontractor members. It acknowledges lifetime industry service and advocacy as well as project innovation, safety, and skill. The award additionally recognizes financial support, community support, and business integrity.**

- Be thorough when describing your company, company history and services you provide. Try not to copy/paste everything off your website and describe it in your own words.
- When including a photo that represents your company, a group company photo works best with your employees
- When it asks how many projects your company has completed, it is asking for local projects. You can state the number of non-local projects, separately.
- Be detailed when describing your company's safety culture. The judges would like to know about the unique safety protocols and programs your company implements. Describe how your safety culture stands out from others.
- Be detailed when describing innovative approaches towards your company and/or projects. What unique technology, programs, materials are you using?
- When describing involvement in the NCA, elaborate on your company's involvement in NCA committees, the specific roles/participation on the committees, volunteer involvement, donations, sponsorships, PAC efforts, etc.

# Supplier of the Year

**The Supplier of the Year Award recognizes a company's ability to demonstrate competitive business growth and development through employment and job creation while being consistent with high-quality products, services, and business performance.**

- Be thorough when describing your company, company history and services you provide. Try not to copy/paste everything off your website and describe it in your own words.
- When including a photo that represents your company, a group company photo works best with your employees or a professional photo of the product you supply, equipment, tools, material, etc.
- Be detailed when describing your company's culture. Describe how your company's culture stands out from others.
- Be detailed when describing innovative approaches towards your company and/or products. What unique technology, programs, materials are you using?
- When describing involvement in the NCA, elaborate on your company's involvement in NCA committees, the specific roles/participation on the committees, volunteer involvement, donations, sponsorships, PAC efforts, etc.

# Professional Service Firm of the Year

**Open to all professional service firms (non-contractor members) of the Nevada Contractors Association, the Professional Service Firm of the Year Award recognizes excellence in the industry and in customer service.**

- Be thorough when describing your company, company history and services you provide. Try not to copy/paste everything off your website and describe it in your own words.
- When including a photo that represents your company, a group company photo works best with your employees.
- Be detailed when describing how your firm stands out. What makes you unique compared to your competitors?
- Be detailed when describing your level of customer service. Add examples of when you went above and beyond for your client. Why do your clients choose your company over others?
- When describing involvement in the NCA, elaborate on your company's involvement in NCA committees, the specific roles/participation on the committees, volunteer involvement, donations, sponsorships, PAC efforts, etc.

# Safest General Contractor of the Year

**Recognizes construction companies of all sizes that excel at safety and health performance, while also exhibiting concern for its clients and community.**

- Be thorough when describing your company's safety culture and programs. The judges would like to know about the unique safety protocols and programs your company implements. Describe how your safety culture stands out from others.
- When including a photo that represents your company's safety culture/programs, a photo of your crew during a safety meeting/class, participating in a safety related activity, works best.
- Be detailed when describing how you implement safety into your company and jobsites. What resources do you utilize? List unique protocols and programs. Consult with your safety team for details.
- Be detailed when describing your safest project. Were there any safety challenges you needed to overcome to make sure your crew was safe.

# Safest Subcontractor of the Year

**Recognizes construction companies of all sizes that excel at safety and health performance, while also exhibiting concern for its clients and community.**

- Be thorough when describing your company's safety culture and programs. The judges would like to know about the unique safety protocols and programs your company implements. Describe how your safety culture stands out from others.
- When including a photo that represents your company's safety culture/programs, a photo of your crew during a safety meeting/class, participating in a safety related activity, works best.
- Be detailed when describing how you implement safety into your company and jobsites. What resources do you utilize? List unique protocols and programs. Consult with your safety team for details.
- Be detailed when describing your safest project. Were there any safety challenges you needed to overcome to make sure your crew was safe.

# Civil Project of the Year

**Recognizes a company's foresight and fiscal responsibility in initiating projects (parks, community centers, recreational facilities, heavy highway, etc.) that make Southern Nevada a better place to live.**

**The project must have been completed between June 2023- May 2024. Applicant must be a general contractor.**

- Be thorough when describing the overview of your project. Tell your project's story. Remember to keep the narrative as concise as possible while highlighting why your project is important. Think about your audience. It's about the who, what, where, when, why and how. Why is the project being built? Describe phases of the project. Include square footage and cost of project.
- When describing the project challenges you had to overcome, be detailed. Where there planning issues, municipal and environmental constraints, design or construction challenges.
- When describing how your company has implemented innovative approaches towards your project, include design and/or materials used. What unique technology, equipment, programs did you use?
- When describing how your company implemented safety in the project explain what resources were utilized. List unique protocols and programs. Consult with your safety team for details.
- Be detailed when describing how your project impacted the community.

# Building Project of the Year

**Under \$15 Million - \$15-\$30 Million - Over \$30 Million**
